ABOUT

Systems-focused engineer with experience across support, infrastructure, and cloud operations. Daily work spans Linux and Windows environments, AWS services, and DevSecOps practices that keep delivery fast, secure, and stable. Background includes incident troubleshooting, endpoint management, CI/CD support, and infrastructure design decisions centered on reliability and cost efficiency.

WORK EXPERIENCE

ITX Corp – System Engineer

June 2023 – Present

Windows Server and Linux support, ECS and EKS operations, Intune and Entra management, network troubleshooting, and CI/CD pipeline support focused on reliability and cost efficiency.

ITX Corp – System Administrator

July 2022 – June 2023

Managed day-to-day Windows and Linux operations, endpoint management with Intune, and infrastructure troubleshooting for stable internal service delivery.

ENDAVA – Desktop Support Engineer

May 2020 – July 2022

Provided second-line remote support for applications and servers, handled service operations, and identified recurring incidents to improve support quality.

Hardcore Computacion – Technical and Customer Support

March 2017 – April 2020

Delivered technical support, sales assistance, and customer service while maintaining hardware, software, and day-to-day system operations.

EDUCATION

Escuela Superior No. 49 Cap. Gral. J.J. Urquiza

Systems Technical Analyst • 2016 – 2018

EETP No. 464 Ing. Dr. Manuel B Bahia

Electromechanical Technician • 2008 – 2013

CERTIFICATIONS

- [*] AWS Certified Cloud Practitioner (2024)
- [*] Microsoft MD-102 Endpoint Administrator (2023)
- [~] AWS Solutions Architect – Associate (2026)
- [] AWS Security – Specialty (2026)
- [] CKA – Certified Kubernetes Administrator (2026)

SKILLS

cloud
AWS · Azure · ECS · EKS · Kubernetes · Docker

platform
Linux · Windows Server · Intune · Entra ID · Active Directory

ops
Terraform · Bash scripting · Network troubleshooting · DevSecOps

security
SIEM (Wazuh) · SentinelOne · Okta

endpoint
SICP1X · Amazon WorkSpaces · MDM · Endpoint policy management
